

Billy Graham Training Center at The Cove has a need for individuals to assist the maintenance staff in keeping the property guest-ready specifically during the months of May, June and July. The Mission Statement of our Property Services department is "Preparing This Place for People to Meet with God. You would be helping toward that goal. Our facility is ready to receive 4 RVs as of today.

Length of service and volunteer expectations

Our ministry could accept volunteers for a term as little as 2 weeks or as much as the entire months of May, June and July as sites are available. A typical work day is 6 hours for men and an optional 3 hours for ladies Monday through Thursday.
